

# CAST Accredited Fellowship Annual Case Report Form: Spine

CAST is planning to collect data from all spine fellowship for a few years before determining whether we want case minimums and if so, what they should be for each category.

Please complete this form when submitting a CAST Fellowship Program annual report. The report should include each institutional case for each participating site for the most recently completed academic year (July 1 - June 30). Each operative experience should generate one case in one category (do not sort or classify using CPT codes). Include all cases done within the training program, even though some might not have had resident/fellow participation.

Institution Name

Fellowship Director Name

Neurosurgery Department Chair Name

Primary Site (Site # 1)

Site #2 (if applicable)

Site #3 (if applicable)

Site #4 (if applicable)

Site #5 (if applicable)

How many other spine fellows (CAST approved or not, junior residents, enfolded fellows, and orthopedic if a joint orthopedic/neurosurgery fellowship) will be involved in this sub-specialty across the institution?
